

CITY OF YACHATS

CITY COUNCIL PUBLIC HEARING

June 12, 2019

Draft Minutes

I. Hearing Call to Order

Mayor W. John Moore reopened the Public Hearing of the City Council continued from June 5, 2019 on June 12, 2019 at 10:00 am in Room 1 of the Yachats Commons. Council members present: W. John Moore, Max Glenn, James Kerti, Jim Tooke, and Leslie Vaaler. Absent: none. Staff present: City Manager Shannon Beaucaire. Audience: 5.

II. Hearing on Water Rate Adjustment – Nathan Bernard

Mr. Bernard was not present at the meeting.

At 10:06, Council discussed how long they should wait to allow Mr. Bernard to arrive. Mayor Moore reviewed the due diligence taken by the City on notification of the continued hearing to Mr. Bernard, including a certified letter that was picked up from the Post Office. Manager Beaucaire read the regulations on public hearings on decision appeals which indicated the appellant did not have to be present to conduct the hearing.

Mayor Moore reviewed the facts of the case.

Mayor Moore noted bill has not been paid to date. Manager Beaucaire explained that, per Admin Policy 19, the City only allows relief on two months of charges. Manager Beaucaire noted the City offered relief for the two highest months during the four-month leak period, noting \$459.20 for sewer and \$417.90 for water was credited on April 17, 2019. She reviewed the volumes of water used during this period.

Councilor Glenn clarified the balance due on the April 17, 2019 bill was \$2,309.68 and \$2,888.16 was due as of today.

Manager Beaucaire explained that, after 45 days of a past due balance, a property can be red-tagged where the owner is notified that payment in full due within seven days. Manager Beaucaire stated the red tag specifically states the amount due and the date that amount must be paid by to avoid water being shut off by the City.

1
2 Glenn asked if the tenant was responsible for the water bill if the owner did not pay.

3
4 Councilor Tooke noted on the April 1, 2019 monthly statement, the name Nathan Bernard bill
5 was crossed out and 430 North LLC was written in. Manager Beaucaire thought that name was
6 Mr. Bernard's LLC.

7
8 Glenn asked if 430 Highway 101 N was ever declared blighted by the City. Manager Beaucaire
9 was not aware of any such declaration. Mayor Moore added that he had only of two instances,
10 on regarding a structure near Lemwick and the other a home on Ocean View Drive that has since
11 been cleaned up.

12
13 Councilor Kerti asked if the City had disputed any of the facts presented by Mr. Bernard. Mayor
14 Moore showed a google satellite image of the area and where Mr. Bernard had stated the break
15 was under the sidewalk. Mayor Moore showed that the meter box was approximately four feet
16 in from the sidewalk. Mayor Moore suggested that a normal installation of a water line would
17 not go back under the sidewalk from the location of the meter box. Manager Beaucaire
18 explained there were assertions Mr. Bernard had used heavy equipment in in work on the
19 building.

20
21 Kerti asked if this was a "natural cause" water leak as specified in Admin Policy 19. Manager
22 Beaucaire explained that after noting a large water bill, a letter is sent to the customer that stated
23 the customer can send a request for evaluation along with the plumbing bill indicating a repair
24 was made, and the City might be able to provide some compensation for the sewer portion of the
25 bill. Manager Beaucaire believed intent of Admin Policy 19 was to reward customers who
26 discover leaks and address them.

27
28 She stated that when she showed Admin Policy 19 to Mr. Bernard, he asserted the policy did not
29 apply to him because his was not a natural cause. Manager Beaucaire indicated this was the only
30 policy the City had regarding compensation for water leaks. Mayor Moore stated that the
31 Citizen's Handbook described that a customer can proceed with cutting service after 45 days of
32 nonpayment and that the customer was responsible for 100% of all metered water including
33 water leaks.

34
35 Tooke asked if the plumber who fixed Mr. Bernard's water line had been called. He had not.

36
37 John Deriberprey (1660 Highway 101 N) stated he discovered his sewer line had been broken
38 near the highway when he first moved in. He discovered a four-foot section of sewer line was
39 missing. The only work in the area had been done by Pioneer Telephone. He took photos of
40 gray line below area that was missing. PUD and Pioneer both denied their responsibility. He
41 finally got Pioneer to cover his repair costs. He stated he got a credit for the sewer portion of his
42 bill for one month.

43
44 Tooke referred to the customer history in the hearing packet, noting the significant increases in
45 water use each month from January through March. Manager Beaucaire noted he came to the
46 City in March to address the issue. Bernard explained at that time there was a problem with

1 receiving the water bills. She stated Mr. Bernard got the water evaluation request to the City on
2 April 1, 2019. Tooke clarified the mailing address was a post office box in Yachats.

3
4 Mayor Moore suggested the prudent course of action was to ask for payment or to shut off the
5 water. Councilor Vaaler stated Manager Beaucaire had done more than required to
6 accommodate Mr. Bernard, and Vaaler agreed they should demand payment right away and
7 expressed her concern that the tenant would have their business impacted.

8
9 Manager Beaucaire explained the owner was the primary responsible party for water bills even
10 though the tenant can pay the bill.

11
12 Mayor Moore indicated the shutoff date was seven days from the date of notice.

13
14 Kerti clarified that Mr. Bernard could ask for reimbursement at a later time.

15
16 Manager Beaucaire indicated a red tag notice sent by certified mail and by personal delivery.

17
18 Manager Beaucaire noted she would need to talk to the city attorney to ensure no confidentiality
19 issues were being violated in informing the tenant of the building of the situation.

20
21 Glenn expressed concern over protecting the City Manager from retaliation.

22
23 Kerti moved to deny Mr. Bernard's request for waiver of water charges based on the information
24 provided to the Council to date, to request immediate payment of the current bill, and per the
25 Admin Policy 19 45-day past due stipulation, to order shutoff of water services on June 19, 2019
26 if the bill is not paid in full: Aye – 5; No – 0.

27
28
29 **III. Other Business**

30 **A. From the Mayor** - none

31 **B. From the Council** - none

32 **C. From Staff** - none

33
34 With no further business before Council, Mayor Moore adjourned the meeting at approximately
35 12:50 pm.
