Re: Resignation from the Council

It is with much regret that I tender my resignation from City Council as November 15, 2014. Due to an unexpected change in my residence location, I will be living outside the Yachats city limits and will no longer be able to serve.

It has been a privilege and honor to serve on the council of our great city and I appreciate the opportunity to work with all of you. Having worked and served in other cities around the country, my point of reference is broad. Drawing on that point of reference, it is important to note that we have a remarkable working council with the clear ability to entertain and accept a wide range of solutions to the issues we confront. That is an obvious demonstration of respect and cooperation that is not common among municipal governing bodies. I'm proud to have been associated with such a group, even for a short time.

Thank you, again for this learning and participation experience. I plan to stay active in our diverse and unique community so, we will be seeing each other, I'm sure.

Sincerely,
