

Regarding the above request from Callista Snively (235 King St) for a bed and breakfast permit in the city of Yachats, I recommend disapproval. I have seen these requests before...if approved, there seems to be a problem of additional cars parking on the street, more traffic in the area, and other associated situations that don't belong in a quiet, seacoast village like Yachats. Many move there to get away from the business hustle, and b&bs have a tendency of bringing all that to the surface.

If Callista wants to run a hotel, then buy one in the business district and leave the bedroom community alone.

Regards,

John Harms  
Yachats property owner
