**Date:** Wednesday, January 12, 2011 1:45:01 PM

---

Dear Mr. Brean:

I am writing to express my support for the pending initiative to make the public spaces of Yachats fragrance-free. I believe it is important to make public spaces accessible for all to use, and this is a very real issue for some individuals. I believe it's a progressive policy, consistent with the kind of leadership Yachats provides in terms of public policy. Thank you for considering it.

Sincerely,  
Julie Mathison
