Ron Brean, Mayor  
and  
Yachats City Council

Subject: Code Enforcement Officer

Thank you for having the foresight to create and support the position of Code Enforcement Officer.

It's such an advantage to have someone "out and about" in the community whose knowledge of city ordinances is a valuable resource for those of us who want to comply with those ordinances and see that others do as well.

I realize there are many competing needs and you must make difficult budgeting decisions, but this position represents a very important investment in the future of this wonderful community. Yachats is fortunate to have such wise leadership.

Very truly yours,

Sharon Welch
