RE: Hwy 101 Refinement Plan

Dear Mr. Locke:

On May 31st, 2012, as President of the Yachats Chamber of Commerce, you wrote a letter to the ODOT Grant Review Committee expressing support for "potential improvements to our Hwy 101 'Main Street' Corridor".

I became aware of said letter in September of this year. Because my son has a business in Yachats I inquired of him and other businesses owners if they were truly supportive of the Hwy Refinement Plan. I was surprised to find out that very few even knew of your letter. I decided to do a survey to establish the exact number of business FOR or AGAINST the Hwy Plan. Enclosed is a copy of the result. I spoke with Beverly Wilson and she suggested I share the information with you.

After verifying my survey, would you consider amending the 2012 letter based on the more recent findings?

I do hope the information I've collected is helpful to you. If you have any comments or questions, please feel free call me.

Sincerely,

Mary Deriberprey
