To whom this may concern:

As amember of the Yachats Affordable Housing Committee, no longer functioning, I am writing in support of the proposed Aqua Vista Village project.

It is my understanding that the project will be greatly helped if the city is able to give it special consideration with respect to system development charges.

I think the Fistierra development has turned out to be a great boon to the city, especially as a place for the young families who have become a great asset to our community.

I look forward to seeing the Aqua Vista Village project come to fruition.

Sincerely,

Gerald
