

I am not able to attend the meeting, however please register the following statement in opposition.

We respectfully register a resounding NO vote to this proposed increase. The continuing and persistent financial burden of unfriendly and of a confrontational nature of the City of Yachats relationship with Vacation Rentals will kill this critical business and damage the image and tourist revenue that supports the town.

The ongoing Yachats City government path of hardship and uninformed persecution by City Council and City leadership of our small business is out of control and completely rooted in short sighted vision.

Please change the nature of the relationship now and enter into honest and meaningful conversation with this crucial part of our town survival.

Thank you

Mark and Jannah Loigman  
Angelic Vacation Rentals
